

PRESS RELEASE

ColliCare with new establishment in Stavanger

Vestby/Stavanger, January 2020

The logistics company expands its coverage in Norway, and are now established with a department on the West Coast of Norway, starting 1st of January 2020. ColliCare Projects & Logistics AS will mainly be targeting the maritime sector, oil & gas, energy, aquaculture, infrastructure, decom and other project-driven markets. The company will offer services such as chartering, supercargo, and supply base transport & logistics. These new services will secure growth within a new market and industry.

ColliCare Projects & Logistics will also offer already established ColliCare services, such as import/export via sea, rail, road, air and distribution.

ColliCare Projects & Logistics will be managed by Georg Skivik Moltu. Moltu has held management positions in different industrial companies; Director Oil & Gas Northern Europe, Panalpina Grieg Logistics, and most recently as Managing Director Projects at Greencarrier.

Moltu has teamed up with Kjetil Nerland as Commercial & Operational Manager Projects & Logistics. Nerland has experience within sales, leadership and development, from Greencarrier, Scan Global and Panalpina.

«ColliCare is known to be innovative and focusing on smarter solutions. We can definitely relate to this culture and way of thinking. The team in Stavanger is looking forward to contribute to the further development of ColliCare, and to add expertise and experience within a new market» says Managing Director Projects & Special, Georg Skivik Moltu.

«The owners and employees in ColliCare shows a strong motivation and willingness to develop the company. After just a few weeks as part of the company, I am confident that we will work well together, with an entrepreneurial state of mind and always focusing on opportunities» says Commercial & Operational Manager Projects & Special, Kjetil Nerland.

“We are looking forward to contribute in developing new services in ColliCare, especially on the West Coast of Norway and within project logistics solutions” concludes Nerland and Moltu.

Moltu and Nerland will be supported by a team with years of experience from oil & gas, projects, freight and forwarding. Tor Kristian Lode and Geir Atle Haaland will be in charge of distribution, road and shortsea. Ole Kristian Watland and Trond Dahle will be in charge of sea, air, import/export for this new department, and specifically for customers on the West Coast.
